Every employee of the Telephone Company carries an identification card. We suggest that you refuse access to your premises to anyone who represents himself as from the telephone company, but who cannot so identify himself.

PATIENCE PAYS

Thousands of telephone calls are missed every day because the person calling will not wait a second or two longer. It's a good rule to wait that extra second.

Another good rule is to answer a ringing telephone promptly. That too will make fewer missed calls.

And in business a missed call is often a missed order.

"RUG CLEANING AT ITS BEST — IS SHAMPOOING"
Shampooing cleans to the base of the pile and adds new life and beauty . . . . Because SHAMPOOING cleans clean, many nationally known Manufacturers have created rugs of twisted pebble weave textures so that these floor coverings can be SHAMPOOED safely and thoroughly without risk of uncurling the pile. Also an odorless naptha process if you wish.

GENUINE NAPHTHA CLEANING

Why Naphtha?

Because cleaning by the Nap-O-Vac Process is a thorough washing, with hundreds of gallons of Naphtha, Rinsing, Extracting, Drying, & Deodorizing in our large, special, Rug Cleaning Machines, operated under Vacuum.

RUGS are drenched in distilled naphtha. Stains dissolve. Dirt and dust are gently removed. Cleans surface, pile and back. Destroys moth eggs. Preserves original beauty and lustre. It does not remove the natural oils in rugs. Leaves the threads strong and full of life. Colors are restored to their warmth and beauty. Exceptional care given to twist, pebble & broadloom carpets to preserve their texture.

Also, we DRY STEAM every rug and carpet to raise crushed pile. All domestic rugs and carpets resized to insure against limpness.

A naphtha cleaned rug or carpet retains its life and body.

DANCE LESSONS COST NO MORE AT ARTHUR MURRAY'S

Under conscientious experts, fewer lessons are required to become a good dancer. In the long run, it costs considerably less to learn the newest dance steps with Arthur Murray's friendly experts. Your dancing can have style, or it can be devoid of personality—it all depends on where you learn. All private lessons are given in individual studios. Learning in a group of gay congenial people is also fun.

Put yourself in the capable hands of an Arthur Murray expert. Let us make you a good dancer in a few hours at less than half the usual cost.

We invite you to accept a trial private lesson so that you can see how easily and quickly you can become a good dancer at our lowest rates in 25 years. Open for visitors until 10 P. M.

In answering the telephone, the English say "Are you there?" Some people say, "Hello." But in business organizations the correct answer is the name of the company or the department or the name of the individual who answers the telephone.

In answering the telephone, the English say "Are you there?" Some people say, "Hello." But in business organizations the correct answer is the name of the company or the department or the name of the individual who answers the telephone.

SUMMER-FALL 1943

...he doesn't have to spend a lot of time and energy going from store to store to find the dealer who sells the particular thing or service she wants.

Instead—she turns to the Yellow Pages of the Classified Telephone Directory and locates the name, address and telephone number of one or more dealers in her neighborhood.

Whether you move to a new neighborhood or not the Classified is a helpful shopper's guide—

—when you've forgotten the name—address or telephone number of a concern—

—an emergency arises and you need quick service—

—you want the Authorized Service dealer—

—you're in doubt as to "Who Sells It"—

In answering the telephone, the English say "Are you there?" Some people say, "Hello." But in business organizations the correct answer is the name of the company or the department or the name of the individual who answers the telephone.

PATIENCE PAYS

Thousands of telephone calls are missed every day because the person calling will not wait a second or two longer. It's a good rule to wait that extra second.

Another good rule is to answer a ringing telephone promptly. That too will make fewer missed calls.

And in business a missed call is often a missed order.

You'll find it very convenient if you will keep a list of frequently called telephone numbers near your telephone.

It's the voice of business...

Business is known by the voice that speaks for it. Every time you, or anyone else in your firm, talk to a customer by telephone, something is added to the favorable impression, either building it up or tearing it down. That's why "telephone courtesy" has become such an important consideration in business today.

A courteous, friendly telephone manner helps any business. It's worth while cultivating.
